

2025 Legislative Priorities

Removing administrative burden

Reduce unnecessary hurdles so
Coloradans can get their needs met.

Building worker & community power

Build community power by
amplifying Coloradans' voices.

Advocating for progressive tax & budget policy

Support tax and budget policies
allowing investment in
programs & infrastructure.

Improving health system accountability

Keep health care industry
accountable, ensuring they
provide Coloradans with the
care & coverage they need.

Our 2025 legislative platform identifies four policy areas where the opportunity exists to make real change, in partnership with other advocacy groups, community members, legislators, and state leaders.

Removing administrative burden

CCLP aims to reduce unnecessary hurdles that are so often a barrier for people who face poverty so that Coloradans can meet their basic needs and become self-sufficient.

Building worker and community power

CCLP supports building community power by amplifying Coloradans' voices in the workplace and civic life.

Advocating for progressive tax and budget policy

CCLP continues to back progressive tax and budget policies that allow for investment in public programs and critical infrastructure.

Improving health system accountability

CCLP aims is to keep health care industry accountable, ensuring they provide Coloradans with the care and coverage they need, and honoring their commitment to the public good.
