

2026 Legislative priority platform

Our 2026 legislative platform identifies three policy areas where we can make real change with other advocacy groups, community members, legislators, and state leaders.

Advancing economic justice

Advocating for tax and wage reforms that ensure corporations and the wealthy pay their fair share and reduce burdens on working Coloradans.

Defending public programs

Supporting functional, person-centered public programs that improve health, meet changing needs, support the workforce, and lift Colorado's economy.

Strengthening consumer rights

Protecting community members from exploitative business practices and working to break cycles of debt and poverty.

CCLP is an antipoverty organization advancing the rights of every Coloradan.
